Pushing Work on the Galveston Day Benefit Matinees.

Plans for the Assistance of Storm Survivors-Government and District Offices and Stores to Close at 2 o'Clock Wednesday, September Not a Cent Paid for Advice or 19-Everybody Helping the Cause.

Work in Washington for the relief of the Texas storm survivors goes on apace and the committee having in charge the Galveston Day matinee benefits is busy. The programmes at all the Washington theatres are to be bright and attractive and every dollar-every penny-paid into the bex offices will go into the fund which is to carry cheer and comfort to sore hearts. Not one cent is to be scaled off the gross receipts for advertising, printing, music, lights, services, or aught else. Every dollar, every

penny, will go to the sufferers in the storm-stricken district of Texas.

The suggestion was made yesterday that benefit box parties be organized to help swell the fund that will be raised on Galveston Day, Wednesday, September 19.
The idea was taken hold of by prominent Government officials, including the heads of executive department, and bureaus, and the chiefs of division. Frompt action was taken also by District officials and it was the understanding that employes would very generally follow the example set by their chiefs. It was thought that the vatheir chiefs. It was thought that the various departments need not close earlier than usual, but that any employe who desired to patronize a Galveston Day benefit, might simply walk out. That idea has been received with such favor that it is now proposed to go still further, and the suggestion is made and universally assented to, that the Executive Departments of the Federal Government, the offices of the District Government, and stores and the District Government, and stores and the people of Washington,—that all the people of Washington—may pay the obligation of charity which they

This is a contribution to the cause which Government officials and merehants of the city may make. The theatrical managers have given their playhouses, the players have given their playhouses, the players have given their columns, all have given what they could. Everybody wants to work together, and the departments and stores ought to close as the theatres onen.

Nobody in Washington gets anything out of the Galveston Day matinees but

Nobody in Washington gets anything out of the Galveston Day matinees but the consciousness of duty well performed. If there is any glory in being charitable and giving a lift to people who suffer, everybody in Washington can have a share of the glory. The sterness people in the church are expected to unbend on Galveston Day and join with the populace in doing that which God must certainly approve.

It is a safe prediction that every Federal and District office in the District of Columbia will be closed on Galveston Day, Wednesday, September 19. It is a safe prediction that the stores
